Brothers and Sisters,

"But let all those that put their trust in thee rejoice: let them ever shout for joy, because thou defendest them: let them that also love thy name be joyful in thee. For thou, Lord, wilt bless the righteous; with favour wilt thou compass his as with a shield." Psalm 5:11-12

ADULT & CHILDREN'S SERVICES

How good it is to see Gabi taking a leadership role in our church in Jarabacoa. She has stepped up to lead the choir in our church. So far we have about 10 people that are meeting to sing songs during the service.

We are truly blessed and filled with God's favor in our lives! Our most affectionate greetings to all our prayer warriors, soul winners, and all those who serve our Lord and Savior Jesus Christ. We thank God every day in our prayers for the help and support you provide every month to continue the Lord's work here in Dominican Republic.

Filled with favor of the Lord: We have seen God's favor because we have received many visitors from different churches, Christian schools, doctors and nurses from the States. Hosting them takes a lot of work, time, and attention to others and their needs. But we praise God for the fruit we see from the many visitors that come!

We started with Rapid City Christian School in South Dakota. This school helped us in Bible camp, evangelizing the community, painted a house for one of the members of our church, and gave bags of groceries to those in need. They did it all to simply be a blessing. Eastview Baptist Church/School in Tennessee helped us with the Sports camp, evangelizing the community, and giving out bags of food. They also painted our basketball court and church as well. There are ALWAYS projects to do in our church.

We had a medical team of doctors and nurses come and they were not a Christian group, but we welcomed them to our church to serve the community. This visit also gave us an opportunity to minister to this group with the gospel of our Lord and Savior Jesus Christ. We have a lot in common with them: they help people to receive healing while we preach Christ who saves and heals the body and soul! Given the immigration crisis here, the number of people that came was very small. This group gave us really short notice because the church they were originally planned to go to did not want them to come so they asked us and we said "yes" to that blessed opportunity of sharing Christ with them.

final thoughts...

"If it be possible, as much as lieth in you, live peaceably with all men." Romans 12:18

William Carey University nursing school in Mississippi came to visit and how different it is when the doctors and nurses know the Lord as their Savior. Thank God for the great work done by those servants of the Lord. These doctors and nurses knew their medicine and effort was limited when it came to helping all of the people, but the Great Physician, Jesus Christ, is their greatest need for their bodies and sin. We give God the glory, not only for the great number HE sent our way, but even more for the souls who received the free gift of salvation.

Many people in Jarabacoa know our church, Living Water Baptist Church, as a Haitian church only so not too many Dominicans want to come and visit. Thanks be to God, little by little, He is breaking this way of thinking as we are God's church, doing God's work in this community, with His Word, His way, and His love! Everyone is welcome in God's house.

God is at work in our church - but the devil is constantly trying to attack our members. We ask that you specifically pray for our members, our visitors, and the community. The devil wants to bring division - but we want God's Truth and love to cover any wicked devices that bring division (whether it be the color of our skin, the socio-economic status, or anything else). We are also praying over all of you as the devil uses wicked schemes to target you and your ministries. God will always prevail over wickedness! We love you all and thank you for all you do for us as we are His hands and feet here in the Dominican Republic.

Doulos Ministry >>> by Ann Concepcion

The school year has come to a close and I was blessed to watch my very first class that I taught when moved here in 2014 graduate! It was a very tearful moment as I remembered them from 2nd grade. I received news that I would be the 5th grade teacher next year so I am excited for the new experience (although 1st grade to 5th grade is just a bit of a jump in how and what I will teach). I know God will give me all the wisdom and grace I need to teach these lovely kids about our Lord Jesus. God is good - all the time, and all the time - God is good!!!
