Hello Praying Friends, This summer has been filled with wonderful blessings and opportunities from our Lord. We are so thankful for your faithful prayers and partnership in furthering the Gospel both here in the States as we travel and in Southeast Asia.

Caleb had a wonderful summer serving as a Camp Counsellor at The Wilds in Brevard, NC. Over 250 kids made profession of faith in the Lord Jesus Christ throughout the summer through that ministry. Caleb had several in his dorm that received lots of spiritual help and we praise the Lord for how the Lord worked in and through his life this summer. He is now back in Anderson for his third year of Bible College training at Carolina Bible College. Please keep him in your prayers.

Andrew is stationed at Fort Campbell but has been to other bases for various training exercises. He is fulfilling his desire to be a light for the Lord by influencing other soldiers to go to church with him. He was able to take three new soldiers recently to hear the Gospel. One of them is originally from Thailand and was adopted as a child, non-religious and heard the Gospel for the first time.

Amy and I have travelled going to various meetings, preaching, teaching and presenting the ministry to churches. The Lord has given us favor with a few more partners in Florida and South Carolina. Little by little the Lord is blessing and helping us to help others.

Our churches in Myanmar are doing well in spite of the ongoing military coup that is crippling the nation financially. All of our churches are experiencing spiritual growth as a result of this ongoing persecution. Each of our churches are seeing people come to accept Christ, follow Him in baptism and complete discipleship classes. Please pray for them as they continue to grow in the grace and knowledge of the Lord.

## *Needs of Prayer*

**U Maung Cho and his family** have attended the Bible Studies of one of our Burmese churches for the past five years. He, his wife and children have accepted Christ as their Saviour. However, due to many pressures from their relatives, the village and the community, they would not publicly confess their faith, but they always welcomed fellowship and prayers in their home.

After several months, U Maung and his family publicly declared their faith and joined our church. Since joining the church, their landlord, who is a devout Buddhist and also provides a farming job for U Maung, has fired him from his job of many years and kicked them out of their house. They are now sleeping on the floor of the church. The church has a little bit of extra land where a small house can be built. The pastor is asking if we can raise **\$800 to build them a house** and they will become the caretakers of the church property. If you would help us with this need, we would love to help them.

## *2025 Church Planters Conference*

We must begin raising funds for our **Fall Church Planters Conference** which takes place in November. We will have between **35-50 church planters** attend this conference. It is my desire to be able to gift each of these pastors **\$100 to help their families**. This would cover their travel expenses, and hopefully provide for their families a needed blessing. **My travel, lodging and rental expenses will be around \$3000**. If you would like to help with this conference, we would greatly appreciate any help you could provide. The theme will be **"Blessing and Building Up"**. Please help us to help our folks. Any excess funds received will be added to the distribution for the pastors and their families.

Please pray continually for our orphanage ministries. We have seven in Myanmar and one in Thailand. We are so limited in what we can do right now, but we do all we can. They are in constant need of food, clothing and school supplies. Pray for the needed funds to be able to do more to help these ministries. **Rice is \$80 per sack in Myanmar and \$60 in Thailand**. Rice is their staple food.

As always, we want to thank those of you who faithfully partner with us, both financially and in prayer. We need you greatly during these days. Please continue to pray for His touch on our lives, to use us for His glory. Pray for the much needed personal support to increase, as well as the work funds, so we can continue having compassion and making a difference in Southeast Asia. Lastly, please pray that the Lord will open more doors of opportunity for us to share what great things He is doing in our lives and in Southeast Asia.

Your friends and servants,
