Dear Friends,

This October is especially meaningful as we celebrate 48 years of ministry at the Lighthouse. For nearly five decades, God has given us the calling to rescue children caught in life's storms and provide a safe place where they can transform their lives. We've seen many challenges through the years, but we've also witnessed so many stories of lives being changed through His grace.

Every child who comes through our doors carry a story, some filled with more pain and brokenness than could ever be imagined. Yet we are reminded daily that with God's love, those stories don't have to end where they began. Through prayer and faithful support, these young lives are being given the chance to be rewritten hope and purpose.

Your faithfulness helps to make this possible. From the bottom of our hearts, thank you for supporting this important work and for being part of a legacy of changed lives that stretches across 48 years—and continues today.
