

Stories of Hope, Grace & Life

Our Final Home Rebuild of the Year!

In a few weeks our last Home Rebuild will be done. This one serves as another reminder of the desperate situation many young children find themselves in.

Each Rebuild is a unique story of Hope, Grace and a new Future extended to the most desperate. Some homes have been completely destroyed, others are barely standing, none keep out the rain nor provide any safety or security that those living inside need.

Each one of those who received a New Rebuild were touched by either abandonment, severe poverty abuse, disease, death or some combination thereof. That is why it's so wonderful to celebrate the handover of these Homes to these Passion kids! It is very special to share in the joy that they are experiencing with their communities, village chiefs and community leaders. And sometimes their Passion Center partners/sponsors, who helped make the New Home construction possible, are even there to mark the handover!

The final Home Rebuild of the Year will bless Biyonse (4), her single mother and two siblings. Biyonse is in our Infant Rescue Program (IRP). Her father was recently killed by robbers and one of her siblings is a special needs child. The mother faces many challenges trying to take care of the children and it's hard for her to find enough piece work to earn money for food. They sometimes go days without food, leading Biyonse and her siblings to be malnourished and at risk of developmental delays.

But now Biyonse is in our IRP program and receives a monthly nutritional pack. Her mother is receiving counseling and encouragement from our staff as she struggles to raise these children on her own.

During the construction the family is staying in a small mud hut, their thatch hut caught fire and burned down- thankfully no one was hurt.

We are so grateful that God led a partner to completely fund the building of this new Home. Please join us in praying that the construction will be completed before the rainy season begins. We praise God also for His perfect timing and provision for this hurting family.

Starting Early So They'll Finish Strong

The start of a new school year means new beginnings and new classes- especially for our newest Passion Center Early Childhood Development Kids (ECD Kids). Our team recently visited our growing numbers of church based ECD centers.

We love seeing the kids having fun learning their colors, numbers, and letters. The kids at the Mulunguzi ECD were wearing their new uniforms and the teachers said they were so excited to get them. We also visited the ECDs at our Jali and Namikango churches. Having never been in a structured learning environment, away from mom and dad for the first time, these kids are still adjusting but we know they will get more and more settled as time goes on.

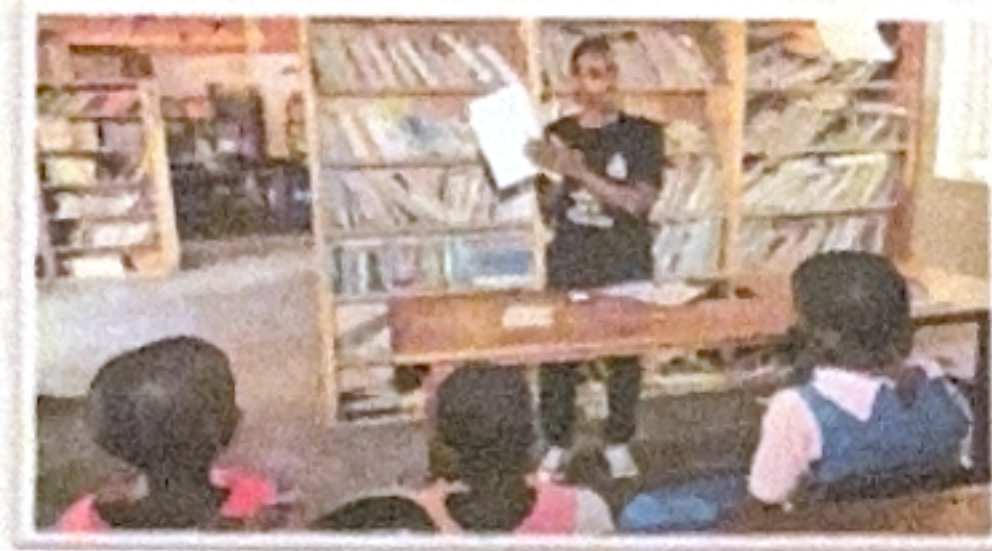

Thank you to all who gave so that these new classes could be started! We believe God has big plans for these children and more than anything else we want them to grow up knowing and loving Jesus!

There are other after-school programs that our Education ministry team leads. Some of the primary school students receive science tutoring in the library, and other young residency kids receive additional lessons in English and letters. Reading clubs are also forming.

All these subjects are important in the future National qualifying exams, but sadly most Malawian students do poorly in those Exams. Our hope is to see a major change as our Education Ministry after school programs expands to more Passion Students.

We are so thankful for our wonderful staff, who love our kids and want to see them succeed in all that they do. Please join us in praying for these young lives.
