Dear Pastor and Friends,

Well, here we are, plenty of gas in the bus and unable to travel to sing and be a blessing to those of you who faithfully support us. Our young ladies really miss the opportunity to visit, sing and enjoy the great meals made especially for them. Many of you have also been staying close to home with limited trips to the store or doctor. I'm sure you have been praying and looking forward to the time when your freedoms will return as our girls look forward just to have a chance to leave the confines of our campus.

We so much appreciate your faithfulness in supporting us during these trying times. We thank God for each of you.

Sincerely,

*Bro Billy*
